Services

What services do you offer?

We provide structured dog walks and pet care visits. Our services are focused on calm, reliable, and enjoyable experiences—whether your dog needs a balanced walk or your pet needs care and attention at home.

Do you offer group or solo walks?

We offer both. Group walks are carefully matched based on temperament and energy levels, while solo walks are ideal for dogs that need one-to-one attention.

What are pet care visits?

Pet care visits are perfect for feeding, toilet breaks, companionship, or checking in on your pet while you're out. Each visit is tailored to your pet's routine and needs.

Safety & Experience

Are you insured?

Yes—we are fully insured for dog walking and pet care services, giving you peace of mind while your pet is in our care.

Do you have experience with reactive or nervous dogs?

Yes—we understand that not all dogs are the same. We take time to build trust and handle each dog according to their needs and comfort level.

What happens in an emergency?

Your pet's safety is our top priority. In the event of an emergency, we will contact you immediately and seek veterinary care if needed.

Walk Structure

How long are the walks?

Walk durations vary depending on the service booked, typically ranging from 30 minutes to 1 hour.

What can I expect from a walk?

Each walk is calm, structured, and thoughtfully managed. Dogs are carefully matched and given the opportunity to socialise in a safe, controlled setting—allowing them to enjoy themselves while maintaining good behaviour.
